Real Tajmahal Beverages was established by Late Sk. Mohammed Abdul Bhai Tajmahal in the year 1922 with a view to serve traditional Indian drinks. Real Taj Mahal Beverages has evolved into a household name in Gujarat and other places due to the Quality of the products and adaptation to the changing time and taste. Real Taj Mahal Beverages, a name chiseled in the golden annals of old nutritious Indian drinks and prepared from quality raw materials and strict quality control to give the best to the Customers.

28 flavors are produced to cater to different taste and many flavors are unique like Falsa, SakkarJeti, Pink Guava, Shahi Afza, Dadam Hazma and are not produced by any other sharbat manufacturer. The sharbat can be used with water/milk and where the Indian summer is notably dominated by carbonated drinks, TajMahal Sharbat is a much needed necessity.

Traditional taste, conventional preparation and dependable quality control makes Taj Mahal sharbat superior and maintaining a balance between quality and taste by bringing together technology and tradition which has helped us to reach a milestone on 100 years in the industry and the love for these drinks getting stronger with passing years.

Taj Mahal Sharbat preserves its vision and perception by ways of continuous effort to serve its valuable customers with pure quality and tasty drinks. In short Taj Mahal Sharbat means

“Asli Swad Ka...! Asli Mazaa ...!”
