## About Us

Dizario Industries is a renowned manufacturer and supplier of LED UV Curing Machine and Roller Coater Machine. The increasing demands of people for these high quality products led to the emergence of SASG UV Solutions Pvt. Ltd. (a subsidiary of Dizario Industries). And, we, SASG UV Solutions Pvt. Ltd., operate as an exporter, manufacturer and wholesaler of Drying Rack, 5 In 1 Screen Exposure Machine, Roller Coating Machine, Screen Printing Machine, Label Printing LED UV Curing Machine, Fabric Printing Machine, High Speed UV Curing Machine and many more. All of these machines are highly demanded because of its resistance to rust, durability and better working ability. With the support of our skilled and diligent employees, we have been fulfilling our customers demands more easily. Guided by our Managing Director and Technical Director, Mr. Anil Saini and Mr. Sankoch Gaur, respectively; our employees are completing our orders on time and the company is touching heights of success.

## Why Choose Us?

By taking the help of our skilled team members, we are attaining the goals of supplying quality products every time an order is given to us for our LED UV Curing Machine, Stretching Clamp, etc., of matchless quality. Apart from excelling in manufacturing and wholesaling domain, we also work as a service provider and render LED UV Curing System Repairing Services to our customers at affordable prices. Some other reasons that always help us win are as follows:

- ✿ Smart technology is being used for producing world class coating, printing, screen exposure and other machines.
- ✿ Our advance facilities enable us to fulfill clients demand related to bulk and urgent orders on time.
- ✿ Quality is one such factor we never compromise with as we believe in offering true value for money to our customers.
- ✿ The personnel working with us are experts in their respective fields which helps in completing the projects in the most efficient manner with optimal usage of resources.
