

CHELATED MICRONUTRIENTS

MIX MICRONUTRIENTS COMBI MIXTURE

CHELATED ZINC MICRONUTRIENT

FULVIC ACID

Atonik Sodium Nitrophenolate 98%, Boron 20% Di Sodium Octaborate Tetrahydrate, Calcium Boron Magnesium Chelate, Chelated Zinc as Zn EDTA, Chelated mix micronutrient - Combi Mixture, Copper Sulphate Powder, DA6 Diethyl Amino ethyl Hexanoate, Fulvic Acid, Green Seaweed Extract Powder, Humic Acid, Hydrogel Polymers, IBTA Plant Growth Promoter, Indole - 3 Butyric Acid IBA, Kelp Green Seaweed Water Soluble Powder, Manganese Sulphate, etc.

**CALCIUM BORON MAGNESIUM
CHELATE**

**CHELATED MIX MICRONUTRIENT -
COMBI MIXTURE**

CHELATED ZINC AS ZN EDTA

About Us

Established in 2019, Adiraj Nutralife Sciences is a pioneer in the industry, committed to producing high-quality Organic-Inorganic Chemicals, Solvents, With an in-depth understanding of the market, we have built a reputation for our innovative solutions and dedication to environmental responsibility. Our offered products include Organic Carbon, Boron Disodium Octaborate Tetrahydrate Imported, Calcium Boron Magnesium Chelate, Green Seaweed Extract Powder and many more. These are manufactured while adhering to international quality standards with the help of our strict quality control system. We believe in sustainability and responsible agriculture practices, which is why we use only the highest quality raw materials and employ environmentally friendly manufacturing processes. We are also committed to reducing our carbon footprint and minimizing waste by implementing green initiatives throughout our production chain.

We believe that maintaining happy clients is the best way to expand and succeed in the business. We have served a wide range of industries with our quality products and dedication in the industry. We have developed a reputation as a dependable and trustworthy business that cares about its clients. Farmers, and agricultural companies of all sizes regularly contact us for availing agro chemicals. The management motto of the Adiraj Group is Quality Supply with Customer Satisfaction. Our clientele is diversified across a variety of industries. We supply a variety of high-quality Raw Materials to several public limited companies, multinational corporations, and international industries.

Key Facts

Nature of Business	Manufacture, Importer, Supplier, Trader & Wholesaler
Primary Competitive Advantages	chelated micronutrient, potassium fulvic acid, amino acid fertilizer, kelp powder, seaweed extract, seaweed extract powder, potassium f humate, potassium humate powder, potassium humate flakes
No of Staff	10
Year of Establishment	2019
OEM Service Provided	No
Product Range	chelated micronutrient, potassium fulvic acid, amino acid fertilizer, kelp powder, seaweed extract, seaweed extract powder, potassium f humate, potassium humate powder, potassium humate flakes

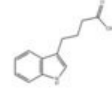

Our Products

Manganese Sulphate

Green Seaweed Extract Powder

Indole - 3 Butyric Acid IBA

IBTA Plant Growth Promoter

DA6 Diethyl Amino Ethyl Hexanoate

Boron 20% Di Sodium Octaborate

Seaweed Extract Flakes

Silicon Powder For Foliar Spray

Precipitated Silica

Organic Carbon

POTASSIUM FULVATE

Mix Micronutrients Mixture Edta Chelated

Fulvic Acid

Copper Sulphate Powder

Super Potassium Humate

Kelp Green Seaweed Water Soluble Powder
