About Us

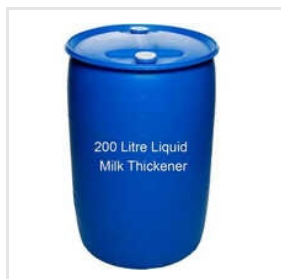

People, often, overlook the necessity of chemicals in our lives. Industrial chemicals are used as primary ingredients in innumerable end-products that we use in our daily lives. From mobiles to cleaning products, food packaging to textiles, paint to cosmetics and several more. This leads to continuous demand of chemicals in the market. Seizing the opportunity, Parmanand Chemical paved its way as a trader and wholesaler of an ample array of chemicals in the Indian Chemical Industry. Today, we are recognized as a reliable source of availing Dispersing Agents, Liquid Biocides, RD Powder, Titanium Dioxide, Milk Thickener, Pearl Pigment, Paint Driers and many more chemical varieties of unmatched quality and great composition at wholesale prices. We have been operating in the market for over a decade now. With this immense business experience, we fulfill the requirements of our clients without fail.

Parmanand Chemical is a renowned chemical trader and wholesaler operating in Jaipur, Rajasthan, India. With our widespread and well-managed logistics network, we are making our presence Nationwide. Besides, we are committed to fair trade policy and our core values of integrity, accountability, honesty and unity. Our adherence to these values aids us with loyal and large clientele. Moreover, it is our capability of building strong business relations with our vendors that we are able to bring forth a wide variety of chemicals at one location providing our clients an access to top-notch Milk Thickener, Pearl Pigment, Dispersing Agents and more, at wholesale prices.
