FOLEY BALLOON CATHETER | SURGICAL BLADE | URINE BAGS | HOLLOWARE

SILKYGOLD FOLEY BALLOON CATHETER

Optimal eyes

Smooth, optimal eyes ensuring atraumatic introduction and effective drainage.

Strong drainage funnel

Kink resistance and provides best connection to drainage bag.

Pressure resistant balloon

Easily inflated or deflated for maximum patient safety.

Large drainage lumen

For fast and effective drainage. Round channel that minimizes encrustation and clogging.

Reinforced catheter shaft

Prevents collapse and for effective suctioning.

Inflation valve

Choice of hard or soft valve. Ensures balloon is inflated when in use.

Siliconized Catheters

Silicone fluid surface results in smooth finish for easy passage through the urethral meatus. Ideal for short-term use.
