**Subject:- Introduction as Manufacturers of Cement/Steel/Power Plant Equipment / Vendor Registration with your esteemed organization**

Dear Sir,

We introduce our self as one of supplier who involves in design, Engineering and equipments manufacturer for cement, steel and power plant's main capital machinery.

We are pleased to introduce ourselves as the **MM Despro Engineering Pvt. Ltd. An ISO 9001:2008 Certified Company** which grew from a Business with Design, Engineering & Consultation Services. We established our workshop in year 2005 with concentration in manufacturing of Cement/Steel Plant equipments and now we are supplying complete manufacturing range to a wide variety of equipment such as Silo Feeding & Extraction System for Clinker, Cement, Raw Meal, Flyash & Slag Silo, Rotary & Stationary Packing Machine, Vibrating Screen, Bag Discharge Conveyor, Bag Cleaning Device, Bag Divertor, Truck Loading Machine, Wagon Loading Machine, Bulk Loading System, Material Handling Equipment such as Belt & Chain Bucket Elevators, Screw Conveyor, Belt conveyors, Air slides, Control Bin, Cyclones, Bag Filter, Fan & Various types of gates etc.

During the period of last 10 years, we have successfully supplied Cement, Raw meal, Flyash, Clinker silo feeding & extraction system with various bulk material handling system for cement/coal/Steel/power plant. We have supplied bulk loading system, packing Plant & Truck Loading System, Wagon Loading System & lots of equipments to various clients in India and abroad also.

**Recently** we are have successfully commissioned 2Nos **BIGGEST SILO** by providing design, engineering & supply against silo Cap.-17500Tons/15000Tons complete with Internal Airsides as 4,500 Meters, Aeration control system & various equipment for silo for **Australian Project**.

We have commissioned Two cement silo Complete with 6 Spout Rotary Packing machine & other misc Items in M/s Sona Alloy Cement -Satara which is working well from last Two Year and Two nos cement silo with three spout stationary packing machine complete with vibrating machine & other misc items in Sambha Cement -Srinagar

Apart of above we have completed one project with IKN Chennai for Andhra cement's kiln feed system now takeover by Jaypee Cement Ltd., wherein we have done design engineering and also supplied all equipment for cement silo extraction system like manual cut off gate, pneumatic cut off gate and flow control gate and airslides and kiln feed system.

We have supplied Closed Air slides and gates for M/s. Loesche India for their Grasim Project and ACC-Bellary, ACC-Kollar, including design & drawing work also and we are one of the regular supplier for Jaypee Cement, ACC Cement, Chetnad Cement, Bheema Cement, Ambuja Cement, Heidelberg Cement, Lafarge Cement, Reliance Cement, Vasavdatta, Wonder, Vikram Cement, CMCL etc..

We are in position to design & manufacture any kind of equipment required for Cement/Steel/Power Plant and material handling system, we are having team of knowledgeable and experience engineer.

We are also having good skill for existing system & equipment up gradation or modification as truck loading machine, wagon loading machine, packing machine etc..

We are looking forward to have long term business relation with your esteemed organization.

In case you need any further clarification or want to visit our office / works to get more trust and confidence, please feel free to contact us at any time.

Thanking you and assuring you our best service at all times.

With Best Regards

**For MM Despro Engineering Pvt. Ltd.**

## **Introduction Letter**

# **MM Despro Engineering Pvt. Ltd.**

**Motto- It is to provide a comprehensive range of appropriate, efficient, Quality product and Cost effective services to our esteemed Customers.**

## **Company Profile & Experiences**

A Newly established multidisciplinary engineering and other essential company having the core strength of highly experienced multi discipline experts.

The company is already in the pipe line to have a team of experts as retainers (with approximately 18 years of experience) in various fields of engineering to provide services as and when required.

**The company offers services in the fields of Mechanical, Engineering for Cement, Chemical & Steel Plants, for material handling equipment's.**

The prime activities of the company have been to render services for:-

- Cement storage & packing Plants design & engineering
  - Ball Mill engineering for cement / Raw meal
  - Techno-economic feasibility reports.
  - Basic engineering.
  - Detail engineering.
  - Construction & design of building, Silos etc.
  - Cost estimation and tendering documents
  - Erection and commissioning of various section of cement plants
- We provide basic engineering / drawing preparation services for various other sections of cement/Steel and material handling plants.
- We also, provide services as sales and technical representatives to International product / items manufacturing Companies.
- We are also involve in manufacturing of special designed equipments for Crushing, Grinding, storage, packing system and kiln feed equipments, apart of that we are also in position to supply all kind of material handling equipments like belt conveyor, screw conveyor etc.

### **Experience / Background of Key Personnel**

- ◆ Basic & Detail engineering work.
- ◆ More than 18 years experience of project execution
- ◆ Vast experience of site erection & commissioning.
- ◆ Worked in cement plants at various levels and as Technical experts

### **List of the Equipments in manufacturing range**

- Belt Conveyor
- Tripper Conveyor
- Shuttle Conveyor
- Reversible Conveyor
- Screw Conveyors
- Bucket Elevator (Belt / Chain Type)
- Chain Conveyor
- Bulk Loading Spout
- Stationary Packing Machine(Single/Double/Triple Spout)
- Rotary Electronic Packing Machine
- Truck Loading Machine / Wagon Loading Machine
- Vibrating Screen / Rotary Screen
- Bag divertor-Motorized
- Bag divertor-Powerless
- Screw Sampler (Motorized / Pneumatic)
- Closed / Open Air slides
- Manual slide gate / Knife Gate
- Pneumatic cut off gate
- Pneumatic cut off gate (Rotary Type)
- Flow Control Gate – Motorized/Pneumatic
- Air Slide Diverters/ Y – Diverters
- 2-Way Divertors /3-Way Divertors
- Butterfly Dampers
- Guillotine Damper
- Multilouvre Damper
- Diversion Box/ Inlet Box.
- Bottom Discharger Gate

- Air Balance Valve / Pr. Release Valve
- Parallel Distributor(Motorized)
- Parallel Distributor(Manual)
- Discharge Spout
- Rod Gates / Needle Gate
- Gates/Damper in SS Body for higher temperature
- Control Bin / Hopper/ Steel Silo
- Rotary Air Lock / Rotary Feeder
- Bag Filter/Bag Filter Fan
- Double Flap Valve
- Cyclone separator / Grinding Mills
- Clam shall gates
- Double Flap Valves
- Single Flap Valves
- Table Feeder / Drum Feeder
- Weigh Feeder / Air Lift
- Operating platforms /railings
- Bearing frames for pumps
- Base frames
- L- brackets for pumps
- Belt guards
- Hopper /storage bins
- **Spare parts for Packing Machine(stationary/rotary)**
- **Spare Parts of Truck loading machine**
- **Spare Parts of Wagon loading machine**
- **Spare Part Bulk Loading Spout**

Apart of this we are also supplying all types of spare parts to cement industries and steel industries, which can be manufactured in our workshop as per drawing or sample. If you need any assistance regarding design, design we can attend the same on site also.

*Vishal Singh*
