EXPERT SOLUTIONS  
FOR YOUR HOME

# ZORRO<sup>TM</sup> BOND-WP

PROFESSIONAL GRADE MULTI-PURPOSE  
HIGH-PERFORMANCE SYNTHETIC RESIN  
FAST SETTING SUPERIOR WATER  
RESISTANT WHITE ADHESIVE

**ZORRO BOND-WP** is a Synthetic Resin Adhesive in the form of milky white viscous paste ready to use & High-performance, High initial grip to form faster bonds with a strong grip, Wood bonding solution in most challenging condition of water exposure, in high humidity areas.

## FEATURES

- Ready to use
- Unparalleled bonding strength
- 48 hours continuous cold water resistance
- One hour boiling water resistance
- Superior bonding in Marine plywood
- Higher coverage
- Quick setting
- Non toxic & DBP free
- Non flammable
- Eco-friendly & Non-hazardous

## APPLICATIONS

- For all type of wood both cold press & hot press, also ideal for bonding plywood, MDF & particle board with each other & also for bonding with laminate or veneer, as well as for finger jointing & wooden flooring.
- All round solution for wood bonding applications under the most challenging condition of water exposure. Kitchen units, wall units, bathroom where exposure to water is high.
- For Sports goods, Pencil, Carpet manufacturing etc.
- Recommended for bonding any two material where at least one of them is porous eg. card board, paper, particle board etc.

## HOW TO APPLY

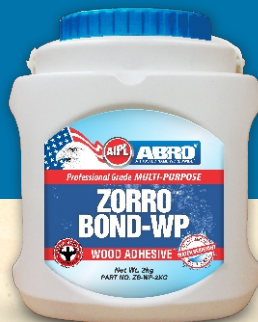

- Clean both the surfaces to be bonded.
- Stir the container well before the application with a brush, roller, spreader or fingers.
- Apply a thin coat of ZORRO BOND-WP on both or one surface (as per requirement).
- Press the two surfaces together and keep under pressure till the adhesive dries completely.
- Excess adhesive pressed outside the joints should be wiped out with a wet cloth.

## PRECAUTIONS & LIMITATIONS:

- Keep the container tightly closed when not in use.
- Wash hands thoroughly after handling.
- Store under ideal conditions in cool & dry place.

## PACKAGING

In plastic Containers **500gm, 1kg, 2kg** • Bucket **5kg, 10kg, 20kg**  
Carboy **30kg, 50kg** • Carboy (P) **50kg**

# ZORRO<sup>TM</sup> BOND-XP

PROFESSIONAL GRADE MULTI-PURPOSE  
HIGH-PERFORMANCE SYNTHETIC RESIN  
FAST SETTING WHITE ADHESIVE

**ZORRO BOND-XP** is a Synthetic Resin Adhesive in the form of milky white viscous paste ready to use & high-performance with High water resistance and very fast setting time. It is PVA based with a high solid content to provide high strength. Its special formulation provides very lasting bonds on all types of wood and laminates.

## FEATURES

- Ready to use
- Unparalleled bonding strength
- Moderate resistant to water & heat
- Higher coverage
- Quick setting
- Prevents Termite
- Economical in long run

## APPLICATIONS

- Furniture Industries (Laminates, Plywood, MDF, Block Board, Hard Board, Particle Board etc.)
- Wooden Framing.
- Artifacts.
