HONDA
The Power of Dreams

BRIO
It loves you back

'I'm made for you.'

Also available in 5-speed Automatic.

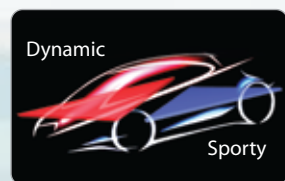

*'You can do all you want for love
You can do anything.
But there can't be an I love you
without I love you too.
If you have three golden words,
You need another
Coz what's an I love you
Without I love you too.
Love is a two way street
You can only go there if you got someone to meet
There can't be an I love you
Without I love you too.
No, never be an I love you without
I love you too.'*

'Sometimes one look is all it takes.'

If love can find an expression in geometry, it would be a sporty double triangle. That's the unique idea behind the supremely class design of the Honda Brio. The edgy chrome grille and fine character lines rising up from the dynamic headlights are a tribute to Brio's love for you. Complementing the character of the front are its sides which are created to exude a wave of vibrant energy. Every bit of its exterior, from the protruding fenders to door mirrors with extra depth, is designed aerodynamically so that when you want to talk to the wind, you do it with Brio.

'Double Triangle' exterior design concept

Wide Stance for robust and stable driving

Captivating premium Front Chrome Grille

Large Headlamps merging with Character Line

Sporty, lightweight and aerodynamic Alloy Wheels for enhanced style

Bold Character Lines convey energy and liveliness from nose to tail

Stylish Rear Combination Lamps merging with the Rear Hatch give a composite look

Futuristic, lightweight and functional Rear Hatch adds to visibility and fuel economy

'Love keeps us going.'

Honda's advanced 1.2L i-VTEC (Intelligent Variable Valve Timing and Electronic Lift Control) engine delivers high power output with impressive fuel economy. It is a four cylinder engine featuring Programmed Fuel Injection, delivering impressive performance with an awesome 88 ps at 6000 rpm so that you never feel let down. By regulating valve opening to match engine speed, the agile i-VTEC engine adjusts its characteristics to deliver both superior power and low fuel consumption. Couple these with some of the lowest emission levels in the industry, and the only feeling you'll experience when you take your Brio on a date, is love. **And best of all, you now get to choose between Manual and 5-Speed Automatic Transmission.**

1.2L i-VTEC Engine for unmatched power and fuel efficiency

The Honda Brio 5-speed Automatic

'Love makes the journey easy.'

Experience the joy of driving the Honda Brio with a 5-speed Automatic transmission mated to a 1.2L i-VTEC engine. The automatic transmission achieves powerful acceleration and superior fuel economy with the use of close and wide gear ratios. Proof that love always finds a way, even through Indian traffic.

Automatic available in VX variant.

- Smooth gear operation: No worries about clutch control and shifting gears.
- Comfortable and smooth drive at all speeds.
- Stress free driving through city traffic.

Premium and spacious dual-tone beige interiors

Premium dashboard with chrome & silver accents

'Stylish on the outside. And inside too.'

Let the Brio's love embrace you the moment you step into the warmth of its exquisite interiors.

- Dual-tone beige interiors
- Stylish and ergonomically designed seating
- Sporty steering wheel with silver finish
- Elegant chrome air vents

NEW
Seat height adjuster that helps you find a comfortable seating position

USB & AUX-in features

Unique and sporty Triple Analog 3D Meters with enhanced visibility

ECO Lamp to encourage fuel efficient driving practices

Advanced Integrated USB Audio System

Steering-mounted Audio Controls for convenience

Tilt Steering for greater driving comfort

Electrically adjustable ORVMs for greater ease

'Room enough for you, me and us.'

The Brio is a testimony to Honda's 'Man Maximum, Machine Minimum' principle that believes in maximising space for you and minimising space taken up by the machinery. The Brio's interior design combines 'spacious feel' and 'quality feel' with a focus on actual cabin size used by you.

The entire interior has an openness that belies its compact exterior and has enough room for you to drive your car in comfort. Ease of entry and exit is another key advantage of the Brio while its unique design ensures that you get maximum outward visibility in all directions at all times.

Ample Boot Space

Spacious Glove Box

Front Door Pockets

Drink Holders

'See me the way you want to.'

Give your Brio a little bit of your personality with the exciting range of genuine Honda accessories. So the next time you hit the road, see everyone else go green with envy.

MODE PACKAGE

Side Protector

Front Corner Protector

Rear Corner Protector

Chrome Door Protector

Illuminated Side Step Garnish

Rear Cargo Protector

Floor Mats (Beige or Black)

'You can count on my love.'

Love is always about protecting your loved ones. And the Brio asserts its love for you with a range of enhanced safety features.

- **ACE™ Body Structure:** An impact absorbing structure which creates protective shell around the passengers, thus reducing the impact of a crash. Crumple zones ensure added passengers and pedestrian safety
- **ABS** (Anti-Lock Braking System) and **EBD** (Electronic Brake Distribution) offer optimal braking force on all wheels for enhanced vehicle control
- **Driver's side Intelligent SRS (i-SRS) Airbag:** Spiral seam structure and gas release control valve, which control airbag deployment and pressure, make airbag deploy faster and remain inflated for longer, therefore reducing the impact on the driver
- **Pretensioner Seat Belts with load limiter:** In the event of a collision, the seat belts tighten to keep the body firmly in place

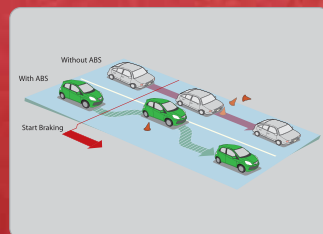

ACE™ Body disperses and absorbs collision impact

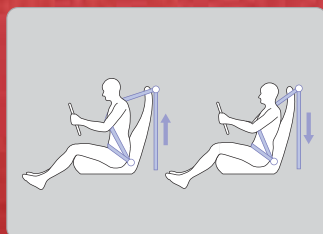

The Brio goes through the most stringent tests at the Honda Crash Test Facility

Dual SRS Airbags to ensure safety

ABS with EBD to help you steer during hard braking

Pretensioner seat belts with load limiter

Rear window defogger for enhanced visibility and safety

NEW

'My love comes in many shades.'

'Love is all around.'
