Cleaning Machines

DRY VACUUMS

UberVAC SuperPro/Trans 700

- Power: 1000W / 950W
- Voltage 230V / 120V
- Tank Capacity: 5 L
- Weight: 5 kg
- Best in class ergonomics: extended body moulded frame – anatomically correct posture
- Clear Dome Lid: offset inlet for cyclonic air flow – consistent & stronger air flow rate
- Uses: Malls / Theatres / Offices / Audition Halls / Multiplexes / Hotels
- Trans 700 specially designed for aircraft cleaning purpose
- Suction 2800 mm WC, Airflow 137 m³/h

UberVAC Dry 15

- Power: 1100 W
- Tank Capacity: 15 L
- Light in weight, easy to use and store
- Shock-proof tank made with high quality plastic
- Wide range of accessories: versatility
- Uses: hospitals, hotel room service, multiplexes, malls, offices
- Available in Wet & Dry (1400 W)
- Suction 2800 mm WC and Airflow 216 m³/h

Cleanfix S 10 Plus

- Swiss made quality
- Power: 1100 W
- Tank Capacity: 15 Litres
- Small, quiet, agile and performer with 5 castors
- Ergonomica and multi-function handle
- Shock-proof tank made with high quality plastic
- Wide range of accessories: versatility
- Uses: hospitals, multiplexes, malls, offices, hotel room service
- Suction 2550 mm WC

WET & DRY VACUUMS

UberVAC Wet – P/M 25

- Power: 1400 W
- Tank Capacity: 25 L

Cleaning-Machines

- Shock-proof plastic Or Stainless Steel tanks
- 2 stage by-pass motor
- Uses: Malls / Hotels / Hospitals
- Suction 2200 mm WC, Airflow 198 m³/h

UberVAC Wet – M/MT 80

- Power: 2 x 1400 W Or 3 x 1400 W
- Tank Capacity: 80 L
- Plastic / SS tank with tilting trolley
- 2 stage by-pass motor
- Uses: Large sized Malls / Industries / Hotels / Hospitals
- Suction 2400-2700 mm WC and Airflow 396-594 m³/h

Cleanfix SW 21 Combi

- Swiss made quality
- Power: 1100 W
- Tank Capacity: 25 L
- Very robust machine
- Shock-proof plastic
- 2 stage by-pass motor
- Uses: Medium sized Hospitals / Malls / Hotels
- Suction 2150 mm WC

UberVAC Wet – P/M 40

- Power: 1400 W
- Tank Capacity: 40 L
- Shock-proof plastic Or SS tanks
- 2 stage by-pass motor
- Uses: Medium sized Malls / Hotels / Hospitals
- Airflow 198 m³/h and Suction 2200 mm WC

Wetpik 2000B

- Power: 2 x 1200 W
- Tank Capacity: 45 L, also in 65-100 L in SS / MS
- 2 stage by-pass motors
- High strength metal trolley – Best in class
- All hose fittings in Nylon – high strength
- With blowing facility
- Tank life: guaranteed 10 years
- Airflow 340 m³/h, Suction 2300 mm WC

Wetpik 1000B

- Power: 1200 W
- Tank Capacity: 45 L
- 2 stage by-pass motor
- High strength metal trolley – Best in class
- All hose fittings in Nylon – high strength
- With blowing facility
- Tank life: guaranteed 10 years

Cleaning-Machines

- Airflow 170 m³/h, Suction 2300 mm WC

UberVAC Wet – MT 50

- Power: 1400 W
- Tank Capacity: 50 L
- SS tank with tilting trolley
- 2 stage by-pass motor
- Uses: Medium sized Malls / Hotels / Hospitals
- Airflow 198 m³/h, Suction 2200 mm WC

INJECTION/EXTRACTION CARPET CLEANING MACHINES

UberVAC IE M 40 / IE PT 80 / IE MT 80

- Spray Pump: 48 W / 2 x 48 W
- Vacuum Motor: 1400 W / 2200 W
- Tank Capacity: 40 L / 80 L
- Plastic / SS tank options
- Wet & dry vacuum with upholstery cleaning function
- Spray cleaning using chemical pumped through the attachment
- Powerful vacuum removes dirt & solution – leaving carpet dry

HEAVY DUTY THREE - PHASE INDUSTRIAL VACUUMS

UberVAC HD Side SS/M

- Tank Capacity: 100 L
- Power Options: 3 HP / 4 HP / 5 HP / 7.5 HP. Up to 20 HP with HD Jumbo
- Side mounted turbine blower
- Parallel / Series connection for higher airflow / higher suction
- Low noise
- SS / MS tanks
- 24 hours continuous operation possible
- Versatile operations through various accessories & fittings
- Custom designs available
- Micro-filter / HEPA filter versions

UberVAC HD Top SS/M

- Tank Capacity: 100 L
- Power Options: 3 HP / 4 HP / 5 HP
- Top mounted turbine blower
- SS / MS tanks
- Low noise
- 24 hours continuous operation possible
- Versatile operations through various accessories & fittings
- Custom designs available
- Micro filter / HEPA filter versions

HVC

- Tank Capacity: 50 L / 100 L
- Power Options: 3 HP / 5 HP / 7.5 HP / 10 HP
- Side mounted twin-lobe blower – ensures higher airflow & suction
- SS / MS tanks
- 24 hours continuous operation possible
- Versatile operations through various accessories & fittings
- Custom designs available
- Cyclone pre-effect filtration for high efficiency & life of cartridge filters
- Micro-filter / HEPA filter versions
- Unique foot operated release mechanism
- Mechanical / Automated filter shaker options

SINGLE/MULTI DISC MACHINES

Cleanfix Duo Speed Spray

- Swiss made quality
- Power: 1200 W-1500 W (1.6 - 2 HP)
- Brush Size: 440 mm
- Brush Speed: 190 - 380 RPM - changes with the flick of a switch
- Tank Capacity: 14 L
- Noise level: 65 DBA
- Scrubbing / Stripping / High Speed spray cleaning / Polishing operations
- Belt drive ensures low noise
- Perfect for 5 and 7 star properties
- Well balanced, easy to use and low fatigue

Multiscrub

- Power: 1.3 HP
- Brush Size: 400 mm
- Brush Speed: 160 RPM
- Tank Capacity: 10 L
- Scrubbing / polishing / buffing / light scarifying / carpet shampoo
- Smooth & rough floors – cement / concrete / kota stone / carpet / marble / tile
- Tank Life: Guaranteed 10 years
- Unique safety switch
- Specially designed for rough applications in industries

Scorplus-2B

- Power: 1.5 HP
- Brush Size: 2 x 400 mm
- Tank Capacity: 10 L
- Specially designed for scarification – thick layers of oil / grease / rubber / dirt removed from floors
- Tank Life: Guaranteed 10 years
- Unique safety switch
- Specially designed for rough applications in industries

Cleanfix R 44-180

- Swiss made quality
- Power: 1200 W (1.6 HP)
- Brush Size: 440 mm
- Brush Speed: 180 RPM
- Tank Capacity: 14 L
- Noise level: 58 DBA
- Scrubbing / Polishing / Buffing operations
- Poly-V Belt drive ensures very low noise
- Perfect for 5 and 7 star properties
- Well balanced, easy to use – low fatigue

AUTOSCRUBBERS

Convert® - HefterCleantech, Germany

- Convertible stand-on multipurpose system – scrubbing / drying / polishing / crystallizing / burnishing / sweeping
- Combination between walk behind & ride-on
- Increases efficiency and reduces cost

Turnado® - HefterCleantech, Germany

- Upto 360 degree turning brush & suction head – allows cleaning backwards
- Rotating 200 degree left or right and 360 degrees – according to need
- Turnado 38, Turnado 55, Turnado 55 Pro, Turnado 82

Variotech® - HefterCleantech, Germany

- Scrubber head with suction adjusted as per various floor profiles
- Wide/narrow paths can be covered with ease, with the head constantly shifting with floor profile
- Easy cleaning under obstacles like railings, shelves etc.
- Uses: in large shopping malls, airports, railway stations, metro stations
- Walk Behind, Ride On range available – Variotech 82, Variotech 82 PRO, Variotech 112 PRO

FLOOR SWEEPERS

Stolzenberg – Twinner 800

- German made: with TRS
- Sweeping width: 800 mm – best in class
- Dust container: 40 L
- Coverage: 1680 sq.m / hr.
- Manual operation – no need for electricity or fuel
- Smooth impact proof plastic body
- Main & side brushes of Polyamide – wear-resistant: higher life
- Height adjustable brushes
- Quick folding handle mechanism
- Large dust container

Stolzenberg – Tandem 900

- German made: with TRS
- Sweeping width: 900 mm – best in class
- Dust container: 60 L
- Coverage: 2340 sq.m / hr.
- 12V 80 Ah battery / Honda 4S Petrol engine
- Impact-proof steel chassis
- Rough areas – high workability in rocky terrain blockages
- Swivel wheel in the rear to prevent
- Large dust container
- Easily operated and silent

SWEEPERS / HIGH PRESSURE JET CLEANERS

Stolzenberg - Twin Top 1100

- German made: with TRS
- Sweeping width: 1100 mm – best in class
- Dust container: 90 L
- Coverage: 4620 sq.m / hr.
- Hill climbing ability for versatile operations
- Battery / Honda 4S Petrol engine
- Impact-proof steel chassis
- Can clean on carpets
- Rough areas – high workability in rocky terrain
- High performance chain drive, traction core & backwards action
- Large dust container
- Easily operated, silent

FS-1200

- Indian innovation – made in India, supplied worldwide
- Centrifugal blower based operation – very low maintenance
- Suction nozzle width – 750 mm (30 in) – 30,000 sq. ft. / hr. – Hose attachment possible for hard to reach areas – easy shift over mechanism
- Metal chips, grass, dust, leaves, broken glass or any other dry particulate bulky items picked up with ease
- Cable / Battery / Diesel / Kerosene engine variants available
- Large dust bag: 50 L
- Easy to use & maintain
