## About Us

We, JVA Filters & Fabrics, established in 2011, are a renowned business entity that specialize in manufacturing and supplying an unmatched range of Bag Filter Systems, Duplex Filter Strainer, Screw Conveyor, U-Tube Manometer, FRL Unit, and Timer Card. We provide Pulse Jet Bag Filter Systems, Dust Collector, Shaker Type Bag Filter, Venturi Timer Card, Tube Sheet, Mechanical Dust Collector, Centrifugal Fan, and other products in this category. As a manufacturer, infrastructure and quality assurance are two critical aspects where we focus. Our infrastructure includes facilities, equipment, and processes that are necessary for the production of high-quality products. Quality assurance, on the other hand, involves the implementation of systems and processes to ensure that the products manufactured meet the desired quality standards.

We have been able to acquire a credible position in this highly competitive marketplace due to the able support and guidance of our mentor, Mr. Aashish Karnik. His tremendous hard work, and futuristic vision have facilitated us to attain more growth in the industry. With this support, we are accomplishing our objectives and meeting the needs of our customers.
