Adept Biocare

A Step Ahead Towards Better Health

Feel Free from the...
Seasonal Allergies

Allermont

Levocetirizine 5mg + Montelukast 10mg.

Tablet

Levocetirizine

- » 2 times better affinity for H₁ receptor compared to cetirizine.
- » Most potent, rapid onset of action and effective over 24 hrs .
- » Reduces allergic vasodilatation & nasal mucosal congestion.

Better patient satisfaction and compliance than inhaled anti-inflammatory agents due to oral, once a day administration

Indian J Pediatr 2006; 73 (4) : 275-282

Montelukast

- » Protects against bronchoconstriction led airways inflammation.
- » Controls both early and late phase of allergic rhinitis.

Montelukast is effective in treating preschool-aged (12-59 months) children with intermittent episodes of wheezing and respiratory distress.

J Allergy Clin Immunol. 2008;122(6):1127-1135

Amticlav 625

Amoxicillin 500 mg + Clavulanic Acid 125 mg **Tablets**

» Potassium clavulanate inhibits beta-lactamase production by some micro-organisms to make them susceptible to Amoxicillin.

» As effective and well tolerated as metronidazole/gentamicin in the prevention of wound infection.

Chemotherapy 1999 Mar.- Apr.; 39 (2): 135-9

» In RTI offers high success rate in pneumonia 94%, tonsillitis 89 %, sinusitis 92 %, otitis media 97%.

J. Pediatry 1996 Nov. ; 109 (5) 891-6

» Superior clinical efficacy.

CEFADEPT AZ

Cefixime 200mg + Azithromycin 250mg

Tablets

Potent combination of broad spectrum third generation cephalosporin and macrolide antibiotic

CEFIXIME

- » Higher β -lactamase stability than other oral cephalosporin
- » Inhibits mucopeptide synthesis in bacterial cell wall
- » Excellent penetration in tissues

AZITHROMYCIN

- » Superior activity against Gram +ve and Gram -ve bacteria
- » Gastrointestinal tolerance is better than that of erythromycin
- » Very long half life

Also available

CEFADEPT

Versatile steroid....
with comfort of
full time coverage

Defco 6

Deflazazort 6mg

Tablets

- A glucocorticoid used as an anti-inflammatory and immunosuppressant
- Prevents the release of certain chemicals involved in producing immune and allergic responses, resulting in inflammation
- Suppresses the immune system and so can be used to treat autoimmune diseases
- Exhibits greater anti-inflammation potency than

Rheumatoid Arthritis

Ulcerative Colitis

Dermatitis

Severe Asthma

Leukemia

Allergic & Inflammatory Disease

Defco 6

Ensures Fast and Desired results

When Spasm
Entangles your body...

DROTMEF^{Tablet}

Drotaverine 80 mg. + Mefenamic Acid 250 mg.

Drotaverine

- Shows symptomatic relief of spasm in intestinal colic, biliary colic, ureteric colic and dysmenorrhea
- Used in certain surgical and emergency procedures.
- Superior in its efficiency to papaverine & valethamate with fewer side effects

Mefenamic Acid

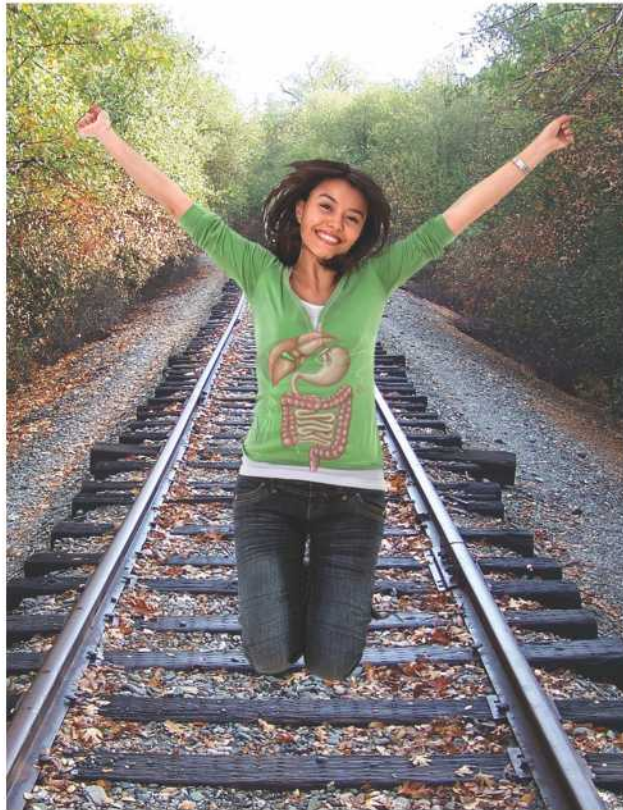

- Anthranilic acid derivative (fenamate) inhibits PG synthesis
- Decreases inflammation (swelling) and uterine contractions
- Decrease pain and blood loss from menstrual periods.
- Exerts peripheral as well as central analgesic action

- Primary & Secondary Dysmenorrhoea
- Post Surgical Uterine Spasm
- Uterine irritability
pelvic inflammatory disease or HSG
- Gastro-intestinal colic, renal colic, biliary colic

DROTMEF

Get freedom from spasmodic shackles

Aiding digestion

Increasing energy & eliminating toxins

Improves liver metabolism

Overcome serosis & fatty liver condition

...improves digestion

Enjoy the glow of good health... naturally...

Lycodept

Lycopene + Multivitamins & Multiminerals Capsules

Lycopene

- A powerful antioxidant that help protects cells from damage
- Helps to improve sperm count and sperm motility
- Lycopene is found circulating in the blood and also concentrates in the male reproductive system, hence its protective effects against prostate cancer.

Cancer Lett 2008;269:339-351

Multivitamins & Multiminerals

- Provides proper growth & development to body
- Key role in cell growth & division including nerve & blood cells
- Boosts immunity

Age related macular degeneration | Skin Cancer | Prostate Cancer |

Reducing LDL cholesterol | Increasing HDL cholesterol | Pre-eclampsia

Lycodept Fills life with health and happiness

Reflux & retarded
motility accompanies

Petozole **D**

Pantoprazole Sodium 40 mg + Domperidone 30 mg **Capsule**

Pantoprazole

- » Inhibits H⁺/K⁺ATPase enzyme (proton pump) irreversibly & blocks the final step of acid secretion
 - » Provides rapid symptomatic relief of day-time and night time
 - » Possesses longer duration of action compared to Omeprazole, Lansoprazole & Rabeprazole
- (Rf:-Drug 2003:63(1):101:132)

Domperidone

- » Increases motility of GI tract by inhibiting the action of dopamine and fastens gastric emptying
- » Increases the tone of the lower esophageal sphincter and enhances gastric emptying
- » Increases lower esophageal sphincter pressure.

**Heart Burn | Regurgitation | Zollinger Ellison Syndrome
Gastric & duodenal ulcers | GERD & DYSPEPSIA**

Also available

Petozole

combination
against
amoebic infections**

Prodept OF

Cefpodoxime Proxetil 200 mg
+ Ofloxacin 200 mg

Tablets

Cefpodoxime Proxetil

- Third generation cephalosporin antibiotic.
- Arrests the cell wall assembly leading to bacterial cell death.
- Active against most Gram +ve & -ve bacteria and stable in presence of β -lactamases.

Ofloxacin

- A chemotherapeutic antibiotic of fluoroquinolone class.
- Inhibits the super coiling activity of bacterial DNA gyrase, halting DNA replication.
- Broad antibacterial spectrum against aerobic Gram -ve & +ve bacteria.

Also available

**Prodept-100
