

INJECTION MOULDING CRATES

CRATES

Abbreviation

RCL: RISE COMPLETELY CLOSED

RCH: RISE COMPLETELY CLOSED WITH HANDLE

RSP: RISE SIDE PERFORATED BOTTOM CLOSED

RTP: RISE TOTALLY PERFORATED

(L) LENGTH *(W) WIDTH *(H) HEIGHT

NOTE: ALL GIVEN SIZES OF THE CRATES ARE OUTER DIMENSION IN MM.

RISE

RCL

RCH

RSP

RTP

300*200

These crates are meant for **Automobile, Brass, Glass, Hardware & Electronics industries to keep small spares or parts in the shop floor or in the Engineering store department.**

RCL 300(L)*200(W)*100(H)

RCL 300(L)*200(W)*150(H)

RCL 300(L)*200(W)*200(H)

TH

400*300

All Crates of this series are suitable for **Automobile, Engineering, Electrical, Garments and Electronics industries** to keep spares hardware and other small item at the shop floor or at the Engineering Sores Department.

RCL 400(L)*300(W)*065(H)
RCL 400(L)*300(W)*090(H)
RCL 400(L)*300(W)*100(H)
RCL 400(L)*300(W)*120(H)
RCL 400(L)*300(W)*150(H)
RCL 400(L)*300(W)*170(H)
RCL 400(L)*300(W)*220(H)
RCL/RCH/RSP/RTP 400(L)*300(W)*270(H)

500*325

These crates are generally used in **Bakery, Fruit & Vegetable, Automobile, Engineering, Woven Sack, Stationary & Spare parts Industries.**

RCL/RCH/RSP/RTP 500(L)*325(W)*100(H)
RCL/RCH/RSP/RTP 500(L)*325(W)*150(H)
RCL/RCH/RSP/RTP 500(L)*325(W)*200(H)
RCL/RCH/RSP/RTP 500(L)*325(W)*250(H)

600*400

The crates of this series are used in multiple applications in different sector. They are found to be used in **Pharmaceuticals, Veterinary, Textiles/Garment, Fisheries, Distilleries & Bottling plants, Food Processing, Automobiles, Auto-components, Engineering, and many other Industries**

RCL/RCH/RSP/RTP 600(L)*400(W)*080(H)
RCL/RCH/RSP/RTP 600(L)*400(W)*125 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*175(H)
RCL/RCH/RSP/RTP 600(L)*400(W)*220 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*240 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*275 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*325 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*380 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*425 (H)
RCL/RCH/RSP/RTP 600(L)*400(W)*485(H)

600*400_DOUBLE WALL

These crates have extra strength due to the double wall sides and corners with solid bottom having square bottom structural design to make the bottom side of the crate tougher than the conventional one. Double Wall Crate is the improvised version of the conventional crates to undergo heavy duty operation. These particular crates are being used in **Fisheries, Textiles, Pharmaceuticals, Engineering and many other Industries.**

RCL/RSP/RTP600(L)*400(W)*120(H)

RCL/RSP/RTP600(L)*400(W)*175(H)

RCL/RSP/RTP600(L)*400(W)*220(H)

JUMBO & SUPER JUMBO

Jumbo Crates are especially for **Bread & Bakery, Catering, Textile, Food Processing, Engineering, Automobile, Fisheries, Packers and Movers and many other Sectors**

Super Jumbo crates are found to be used in **Textile/Garment, Automobile Industries, Fruit & Vegetables** and many other Industries.

JUMBO

SIZE: 650*450*315MM

RCL/RCH/RSP/RTP 650(L)*450(W)*315(H)

SUPER JUMBO

RCH/RSP/RTP 810(L)*570(W)*430(H)

FABRICATION CRATES

LID

Lids are available for the following series

300(L)*200(W)
400(L)*300(W)
500(L)*325(W)
600(L)*400(W)
600(L)*400(W) Double Wall
650(L)*450(W) Jumbo
Super Jumbo

BOTTLE CRATES

Our Bottle crate series covers many applications in the bottling Industries. We have in all different number of inbuilt pockets in the crate **to accommodate bottles sizes of 200ml to 750ml with number of pocket ranging from 6 pockets to 30 pockets.**

SERICULTURE CRATES

Sericulture Crates are made exclusively to cater to **all kinds of operation subject to incubation, bed drying, harvesting, and grainage**

RCL/RSP/RTP 915(L)*600(W)*085(H)
RCL/RSP/RTP 960(L)*805(W)*070(H)

RIBBON FISH CRATES

These crate specially made for storage & Transportation of **Ribbon Fish**

RTP 760(L)*330(W)*070(H)

NESTABLE & STACKABLE CRATES

Nestable & stackable crates allow users a gate way for easy handling, storing and benefit from logistics perspective. Nestable & stackable crates have **distinct double advantage of storing the full capacity while stacking and reducing the effective height to one third while nesting these crates, enabling the space saving on storage and transportation.** These crates are especially made for Malls, Fruits and vegetable industry.

NESTABLE/STACKABLE 572(L)*370(W)*210(H)

TOTTY BIN

SIZE: 605(L)*400(W)*345(H)

BINS

Bins which are partially open at the front provide in handling ease for storage of small components and spare parts. Bins are available from smallest of all Bin-1 to Biggest of all Bin-50.

BIN-1 095(L)*102(W)*051(H)

BIN-5 165(L)*114(W)*078(H)

BIN-15 200(L)*126(W)*100(H)

BIN-25 230(L)*150(W)*127(H)

BIN-35 300(L)*210(W)*160(H)

BIN-45 350(L)*211(W)*200(H)

BIN-50 515(L)*310(W)*200(H)
