## EDGE FOR A KITCHEN SINK

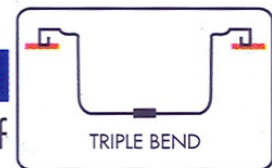

### SINGLE BEADING EDGE :

To ensure easy installation and a strong grip between the sink and the platform we offer single beading edged that are bent to 180 degree.

### TRIPLE BEADING EDGE :

These triple beading edges are accurately shaped in the form of a hook for the excellent grip with the platform ensuring long lustiness to the structure of sink.

### GLOSSY FINISH SINK

Assisted by the tech polishing machines. We are able to offer kitchen sinks with smooth and glossy finish. Various stages of polishing ensure silver looking glossy smooth finish that grants attractiveness and appeal to the basin.

### MATT FINISH SINK

Matt finished sinks have that rich, buffed silver look achieved by a very hi-tech process. Matt finished sinks are also demanded by the customers these days.

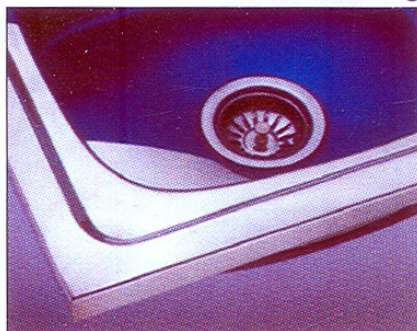

## STEEL WASH BASIN

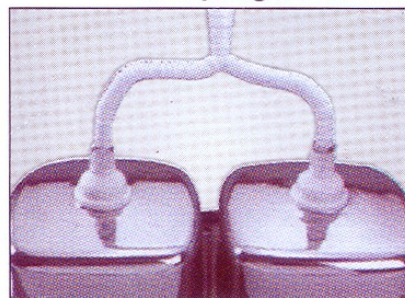

Model	Overall Size		Bowl Size	
	inches	mm	inches	mm
ts-701/sink	18X12X5	460X305X127	15.5X9.5	394X241
ts-702/sink	16X14X5	406X356X127	12.5X9.5	318X241

### Plastic Coating

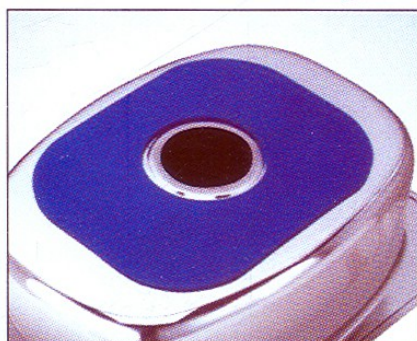

Plastic coating provided to avoid scratches while installing sink. It helps in retaining the shine of the sink.

### Coupling Connector

It is a bridge between double sink. It connects both sink's waste coupling for water drainage.

### Sound Deadening Pad

Sound pad provided to avoid noise of utensils while washing

### Under Coat (Optional)

sinks have anti corrosive coating. the main advantage of this special feature are that it absorbs sound, protects against condensation built-up inside kitchen furniture, increase the sinks's life and helps to maintain sink water temperature.
