# **GOLD STANDARD SERIES**

**The science behind the Muscle Trail's Gold Standard Series**

## GOLD STANDARD SERIES

The Muscle Trail team has spent years on research and analysis by working with the topmost nutrition & Fitness experts around the world and by consulting the best biochemists. This brings to you products developed specially to deliver quick results, in the healthiest and most natural way possible. Our commitment to quality and transparency guarantees that we use only the best ingredients available, without any added chemicals or colours, resulting in a potent mix to boost your physical workouts. The **Muscle Trail products** have also specifically been designed taking into consideration environment, genes and diets. Our protein supplement also includes the vegetarian form of **vitamin D3**, which is lacking in a majority of the population. Other added vitamins and minerals, and the complete matrix of required amino acids and other compounds, give you better results than you deserve. Each serving of Gold Standard Series products is available in **exclusive pouches**. Bringing ease in measuring, there is no need to carry scoop every time with them. This **preserves the freshness** of protein every time. Moreover, it enables the user to consume it wherever and whenever required. So go ahead, try the Muscle Trail, and you'll never look back.

**Move More Build More!**
