Supratech Elevators

Safety Features

- Inspection box
- Push & Talk
- Intercom between ground and elevator
- Electromechanical locks
- Advanced speed governor

Elevator Control Panel

Mission

- To provide safe lift operation and customer friendly services by continuously improving the operational effectiveness.

Voyage

- Supratech Voyage is a modern avatar of manual elevators designed to exhibit excellence in performance and aesthetic appearance. Voyage is technologically sound and efficient and is enhanced with modern elegant look to give high order safer, smoother and swifter performance.

Voyage Interiors

- Handrail for passenger support
- Ceiling illuminated with power-saving LED
- Vinly, non-slippery PVC tiles flooring
- Safely designed imperforate metal door with comfortable handle and back-up support for collapsible frame
- Digital Position indicator with illuminated direction signals
- Telescopic door with frame
- MS swing door with frame

Controller

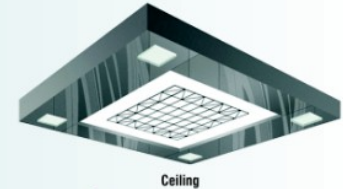

- Saves space in machine room
- The state-of-the art compact microprocessor
- Memory Control System
- Easy maintenance
- Saves energy
- Optional VF fully computerized control system for variable frequency geared/generless elevators
- Fully proven electronics
