

S. S. Engineering Works

We are a manufacturer and supplier company of 80 Tons to 1100 tons die casting machines, automatic laddling machine, automation equipment, auto sprayer, auto extractor, plunger lubrication and die casting machines parts.

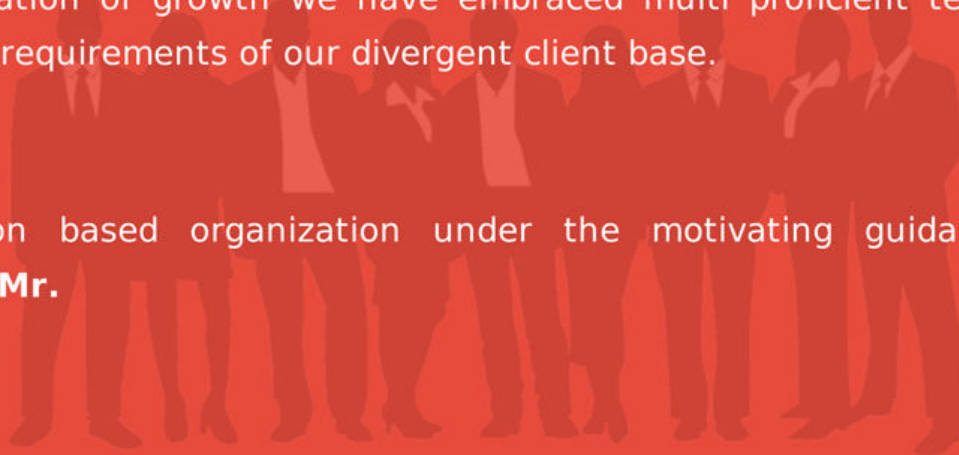

About Us

Our organization, **S. S. Engineering Works**, started business operations, as manufacturers and suppliers of Horizontal Cold Chamber Pressure Die Casting Machine, Low Pressure Die Casting Machine, Die Casting Machines Spares and other products with the mission to offering our clients the best solutions in the market. Today, with our clients spread across broad industry spectrum, we have become a force to reckon with in our genre of products. To meet the growing market demand we have set up two manufacturing plants, Unit - I is at New Delhi and Unit - II at IMT, Manesar. Motivated by the exceptional eagerness with which our product range has been accepted, we have embarked upon an ambitious progressive trail with product innovation and development. We have tightened the belt of our capability with man power, infrastructure and technology to support us in all our business operations. We are clued in to the latest development taking place in industry.

This brings into focus our advanced range of Pressure Die Casting Machine, Die Casting Machines, Die Casting Machine 80 Tons To 250 Tons, Die Casting Machine 400 Tons To 1100 Tons, Low Pressure Die Casting Machine and Gravity Die Casting Machine. We take opportunity of the need based popularity by equipping ourselves with most cutting edge technology, so that our clients are not short changed for quality and innovative product range. In our quest for excellence we explore every opportunity to augment our quality standards and offer clients a product range that has features complying with the best in the world. With so many players populating the domain, it is our aim not to remain just one among many but rather the number one in the crowded domain. To avoid stagnation of growth we have embraced multi proficient technology to address the requirements of our divergent client base.

Our Gurgaon based organization under the motivating guidance of our proprietors, **Mr.**
