

**ADHESIVE TAPES & DIE CUT
SOLUTIONS WHITE GOODS INDUSTRY**

strong smart stable

COMPONENT HOLDING TAPE

Multi colored Holding tape mainly used to hold panels, drags plastic parts, grills, glass plates & variety of components in the fridge and other white goods appliances.

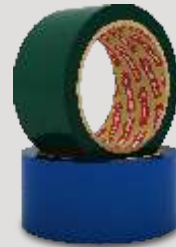

- Temperature resistant residue free.
- Clean removal even after a long period of storage.

COMPONENT HOLDING TAPE

PET based tape.

- Temperature resistant residue free.
- Clean removal even after a long period of storage.

DOOR HOLDING TAPE (Mono & Cross Filament Tape)

Polyester film with glass yarn.

- Heavy duty filament tapes.
- Clean removal even after a long period of storage.
- Recommended to hold heavy components like doors during transportation.

ACETATE CLOTH TAPE

Description: - Unique electrical tape offering excellent conformability ability in coil wrapping application. It also offers excellent absorption of Resin & varnishes. It has got the excellent property of sound dampening.

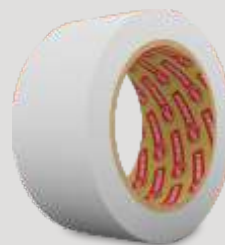

- Flame Retardant
- Easy cut and excellent flexibility for optimum bundling of wires
- Insulation and corrosion and resistant

AIR VENT TAPE

Air vent is a Non-Woven porous backing tape which allow permeability of high air/gases during foaming insulation process in home appliances.

- Venting tape covers holes to prevent the PU foam from squeezing out during injection while still allowing air flow.

D/S POLYESTER TAPE

Double Sided polyester tape coated with strong synthetic rubber.

- Water proof.
- For Poly carbonate label.
- Ideal product for washing machine control panel label.

D/S TISSUE TAPES (EZ-500)

Special tape which consists of non woven tissue and is coated with strong adhesive on both sides. It bonds firmly on to leathers, clothes, woods, plastics any two similar or dissimilar materials.

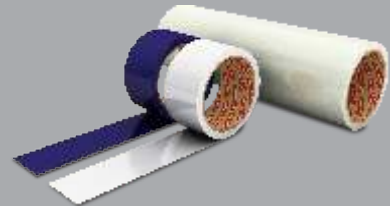

- Splicing papers, plastic films, cloths and corrugated boards
- Acrylic based adhesives provides strong holding power and no adhesive deterioration
- Work excellent, high temperature and solvent resistant
- Good shear strength the adhesive strength is hardly affected with temperature change and long storage
- No slippage long after applied.

SURFACE PROTECTION TAPES

The Product is used for protection of surface finishes from dirt, scratches and tool marks during handling, storage, forming and assembling.

- Residue free filmic tape.
- High Clarity. • Low Tack. • Flexible.

REMOVAL/ REPOSITIONING TAPE FOAM /FILM BASE

Adhesive tape with open side Strong / Permanent adhesive and close side weak / low tack adhesive for residue free removal.

- Removable stickers. • Labels. • Temporary signage.
- Posters. • Danglers. • More variants are available.

ALUMINIUM TAPE

LE-3100

LP- 330 :- With Liner (Economy grade)

L- 330 :- Without LINER (Economy Grade)

LP- 250 :- With Liner (Premium Grade)

LP- 130 :- With Liner (Medium Grade)

- Aluminium tape is a specialty tape designed for mounting of refrigeration coils & other similar type of applications-It's the RIGHT Recommendation for holding of condenser/evaporator coils in the refrigerators.

FSK FOIL TAPE

FSK which stands for foil scrim kraft is used as jacket facing for glass wool, rock wool, PU foam and other insulation to protect them against vapor moisture, in order to work more effectively.

- Use for sealing FSK duct board.
- Excel in demanding temperature and humidity applications.
- Long lasting adhesion on clean/dry surfaces.
- Full bond within 24 hours.
- With release paper.
- To seal joint in air conditioning industry requiring high strength.
- Products application:- HVAC ducting purpose.

MASKING TAPE

Crepe paper Masking tapes.

- For covering various holes before foaming.
- Residue free and hand tear able.
- Temperature resistance.
- ROHS Compliance.

PVC INSULATION TAPE

It is made PVC film coated with a rubber based adhesive on side. High elongation and excellent conformability for wire harness.

- RoHS compliance.
- FR grade.
- High temperature PVC wire harness tape for cable wire
- Harness industry with higher thickness.

FLOOR MARKING TAPES

Lane Marking Tape.

- Used for Safety Identification and Lane Marking for storage segmentation.
- Good Resistance to chemical & other moving objects.
- Available in various sizes & colors.

S/S FOAM TAPE

Single sided tape which provides cushion against vibration and shock and is easily compressed and conformed.

- Elastomeric closed cell tape, Gasket Application.
- Mainly used in filling the gaps in between two panels to hold the part.

D/S ACRYLIC FOAM TAPE

Double sided foam tape used for fixing, mounting trims and emblems.

- Recommended to bond many similar or dissimilar substrates.
- Required length & widths are available.
- UV resistant.

PVC Non Adhesive Tape

PVC Non Adhesive Tape, which is made from premium quality plasticized PVC compound. PVC Non Adhesive Tape is known for its excellent binding strength and flexibility.

- Flame-retardant • Easy to tear • Strong fixation • Water-proof
- Insulation • Anti-corrosion/acid .

DUCTS TAPE

This superior quality tape is commonly used in areas which require flexible, strong and very sticky tape. It is hand tearable tape.

TISSUE TAPE

EZ-500 is a special tape which consists of non-woven tissue and is coated with strong adhesive on both sides. It bond firmly on to similar or dissimilar materials.

About Us

Ajit Industries Private Limited is one of the flagship company in the country engaged in manufacturing of "PRESSURE SENSITIVE SELF ADHESIVE INDUSTRIAL TAPES" since 1998. The Company was incorporated at Delhi by the promoters having several years experience in the field of various type of Self Adhesive Industrial Tapes. The company is equipped with a "State of the Art" manufacturing facilities at its plants located near Delhi at Kharkhoda in Distt. Sonipat (Haryana), Bhiwandi (Mumbai) and Special Economy Zone Chennai for exports with a combined spread over 28000m2 facility.
