WELCOME
TO THE WORLD
OF merlin..

Believe in us

- World class toothbrushes with a pan India presence
- Our group of companies manufacture 450 million toothbrushes annually
- We have long experience of the product, having manufactured 5 billion toothbrushes over 30 years
- Our plants are state-of-the-art facilities with global quality systems and hygiene standards
- Our lines are versatile and can match any customised consumer requirement
- Attractive and innovative packaging options

State-of-the-art production process

- We manufacture the complete product under one roof, from the moulding of handles to the bristling and finally packaging of the brushes. Thus the conversion is rapid. Also quality, hygiene and confidentiality of the product is managed in a watertight way
- Materials used are standardised and globally accepted ones only
- Our systems respond rapidly to market demand and we are able to offer quick turn around time to clients
- Bristling is done on the latest fully automated German machines
- The entire procedure is fully wired by an active global quality assurance system
- Technological innovations are continually incorporated for giving a design and quality edge to our products

Global quality assurance norms

- Customer satisfaction and consistency of our products are the cornerstone of our quality policy
- Global quality assurance systems comprehensively circuit our facilities
- Modern quality testing laboratory
- Clearly identified Quality Policy

Competitive pricing

- Cost benefits from scale economies enjoyed by our large volumes are readily passed on to our customers
- We are continuously conscious of the global call for competitiveness
