

## Processing Machines

**Model CG312/CG316, CG320**  
Conveyor curing Machine  
Power  
CG312 - 9 kw  
CG316 - 18 kw  
CG320 - 24 kw

**Mobile spot Dryer**  
Size : 16" x 20"  
Power : 9 kw

**Mobile spot Dryer**  
Size : 16" x 20"  
Power : 3 kw

## Screen Preparation Machines

**Model CG16S**  
Screen Stretching Machines  
Clamp Size : 10"

**Model CG2030E/CG3020E**  
Screen Exposing Machines  
Power : 3 kw

**Model CG2030ED/CG3040ED**  
Screen Exposing With Dryer  
Power : 6 kw

**Screen Washing Booth**  
Size : 40" x 50"

## Small & Medium Size Heat Presses

Size	Power	Option
06" x 06"	600 w / 240 w	DualBed & 4 Head
08" x 08"	800 w / 320 w	DualBed & 4 Head
10" x 15"	1000 w	DualBed
16" x 20"	1800 w	Single & DualBed
20" x 24"	1800 w	SingleBed
20" x 30"	1800 w	SingleBed

## Large Format Heat Presses

Size	Power	Option
24" x 30"	8 kw	Single & DualBed
30" x 40"	9 kw / 12 kw	Single & DualBed
36" x 48"	12 kw	Single & DualBed
40" x 60"	18 kw	Single & DualBed

Also Custom made Sizes Will Avail

Established in the year 2011, we "Classic Graphics, Coimbatore" are one of the professionally managed companies engaged in manufacturing and exports with experience of 17 years in the garment printing & heat press machines industries. The range offered includes Heat Transfer Press / Fusing Machines, Manual Screen Printing Machines, Electrical Conveyor Curing Machine, Screen Preparatory Machines and many others. All our machines are designed and engineered to deliver high precision and accuracy in the given operations. Our team of highly & trained work force works in complete synchronization & agreement to meet the specific demands of garment printing and processing machines. Our experienced quality auditors follow each & every step from design to manufacture in order to meet client's work based expectations and achieve flawless in these machines. We have framed a strict quality management strategy which is meticulously practiced within the organization at all levels. Our team of quality analysts works according to the set guidelines to achieve Company's set objectives. Our process expertise and modern production facility assist us to produce cutting-edge that meet the specific process requirements of the textile industry. Our machines are also in compliance with different industry standards.

We also provide knowledge about Textile Screen Printing Inks, Accessories, Transfer Papers & Technology about application.

We have a clients in All Over India, SRI LANKA, BANGLADESH, KENYA.

## HEAT PRESS / FUSING MACHINES

**Model CG1620D**  
Size : 16" x 20"  
Power : 2800 Watts

**Model CG2436 / CG2436-D**  
Size : 24" x 36"  
Power : 6 kw / 9 kw

**Model CG1620**  
Size : 16" x 20"  
Power : 2800 Watts

**Model CG1015**  
Size : 10" x 15"  
Power : 1500 Watts

**Model CG2030**  
Size : 20" x 30"  
Power : 4000 Watts

**Model CG1015D**  
Size : 10" x 15"  
Power : 1500 Watts

**Model CG0606F**  
Size : 6" x 6"  
Power : 2400 Watts

**Model CG3040D**  
Size : 30" x 40"  
Power : 9 kw / 12 kw

**Model CG0606D**  
Size : 6" x 6"  
Power : 600 Watts

## Printing Machines

**8/6/4 Color Printing Machine**  
Pallet Size : 16" x 20"
