# TREND WATERPARK AND PLAYGROUND EQUIPMENTS

Leading Manufacturers of Outdoor Children Play Ground Equipments, Outdoor GYM Equipments, Garden Benches.

The Evolution Of Fun

## ABOUT US

The journey of the “TREND” is started with the thought of continual improvement, system based approach, to achieve customers delight and to set Trend in the industry. Trend Waterpark & Playground Equipment’s, Established in the month of March of year 2018. With one manufacturing unit of 4500 sq ft., in the span of seven months we have successfully set second manufacturing unit of area more than 1 acre. We are an ISO 9001 – 2015 certified company, we are registered with MSME, and we are member of “Indian association of Amusement parks and Industries”.

We are well equipped with adequate resources like Space, Skilled manpower, Machines and we are continuously upgrading the resources.

With tremendous passion, dedication, hard work & speed we are been able to reach all over India in very short span of time. Quick response, through guidance to customer and speedy execution are being the key factors of success.

## SCOPE

- Enquiry
- Understand Requirement of Customers
- Guidance to Customer
- Design / Lay-outing of Plot
- Conceptual 3D Design for Complete project
- Manufacturing
- Installation
- Trial and Testing
- Handover the Running Project

## OBJECTIVE

Core purpose of the trend is not only to serve the need or requirements of the recreational, amusement and playground market, but also to add value to the money spent by customer by introducing innovative products and continuously upgrading the products, by providing best Service and by acting upon the suggestions or needs shared by all individual customer. Trend water park and playground equipment is willing to work in collaborative manner, where customers are considered as a part of organization

# Slides

## CRESENT SLIDE

Structure made up of 3" and 2" GI pipes of IS 1239 standard, Fiber gloss slide of 6 to 8 mm thick.

Age Group = 5-12 YEARS

**TSLD 01**

## MINI TUBE SLIDE

Structure made up of 2" GI pipes of IS 1239 standard and FRP Slide with 6 to 8mm thickness.

Age Group = 5-12 YEARS

**TSLD 04**

## ECONOMY SLIDE

Structure made up of 3" and 2" GI pipes of IS 1239 standard, and GI sheet.

Age Group = 5-12 YEARS

**TSLD 02**

## SPIRAL SLIDE

Structure made up of 2" GI pipes of IS 1239 standard and FRP Slide with 6 to 8mm thickness.

Age Group = 5-12 YEARS

**TSLD 05**

## FRP ROLLER SLIDE

Structure made up of 3" GI pipes of IS 1239 standard, MS rods, FRP Slide with 6 to 8mm thickness. and FRP Rollers.

Age Group = 3-10 YEARS

**TSLD 03**

## WAVE SLIDE

Structure made up of 3" and 2" GI pipes of IS 1239 standard and FRP Slide with 6 to 8mm thickness.

Age Group = 5-12 YEARS

**TSLD 06**

## SEE - SAW

### STANDARD SEE SAW

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and FRP seats.

Age Group = 3 - 6 YEARS

**TSEW 01**

### DOUBLE SEE SAW

Structure made up of 3" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps and FRP seats.

Age Group = 3-12 YEARS

**TSEW 02**

### MULTI SEATER SEE SAW

Structure made up of 2" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps and FRP or LLDPE Seats.

Age Group = 5 - 8 YEARS

**TSEW 03**

### ANIMAL SEE SAW

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearings and FRP characteres.

Age Group = 3 - 5 YEARS

**TSEW 04**

# CLIMBERS & SCRAMBLERS

## A - B CLIMBERS

Structure made up of 3" GI pipes of IS 1239 standard, coating with powder of Bright colors.

Age Group = 5 - 20 YEARS

**TCLB 01**

## CIRCULAR CLIMBERS

Structure made up of 2" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps.

Age Group = 5-20 YEARS

**TCLB 02**

## CRYSTAL MAZE CLIMBER

Structure made up of 3" and 2" GI pipes of IS 1239 standard, bearings of good brand.

Age Group = 5 - 12 YEARS

**TCLB 03**

## FUNNEL SCRAMBLER

Structure made up of 3" and 2" GI pipes of IS 1239 standard.

Age Group = 5 - 12 YEARS

**TCLB 04**

## DOUBLE CIRCULAR SWING

Structure made up of 2" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and GI Seat.

Age Group = 5 - 12 YEARS

**TSWG 01**

## FLYING BUTTERFLY SWING

Structure made up of 2" GI pipes of IS 1239 standard.

Age Group = 5 - 12 YEARS

**TSWG 02**

## FOUR ARC SWING

Structure made up of 3" and 2" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps and Seat belts of natural Rubber

Age Group = 5 - 12 YEARS

**TSWG 03**

## TYPRE SWING

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and Seat belts of natural Rubber

Age Group = 5 - 12 YEARS

**TSWG 04**

## KIDS RANGE

### SPRING RIDER

Structure made up of 3" and 2" GI pipes of IS 1239 standard, compression spring and FRP characters.

Age Group = 3 - 7 YEARS

**TSRD 01**

### 3 IN 1 COMBINATION

Structure made up of 3" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps and Seat belts of natural Rubber/LLDPE or FRP slide.

Age Group = 5 - 12 YEARS

**TCOM 01**

### 4 IN 1 COMBINATION

Structure made up of 2" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and Seat belts of natural Rubber/LLDPE or FRP slide.

Age Group = 5 - 12 YEARS

**TCOM 02**

## MERRY GO ROUND

### DOUBLE THEME MGR

Structure made up of 3" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and Seat belts of natural Rubber/LLDPE or FRP characters.

Age Group = 3 - 7 YEARS

**TMGR 01**

### SINGLE THEME MGR

Structure made up of 3" and 2" GI pipes of IS 1239 standard, bearings of good brand, FRP characters.

Age Group = 3 - 7 YEARS

**TMGR 02**

### 4 SEATER MGR

Structure made up of 3" GI pipes of IS 1239 standard, bearings of good brand, FRP characters.

Age Group = 3 - 7 YEARS

**TMGR 03**

### PLATFORM MGR

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearings.

Age Group = 5 - 12 YEARS

**TMGR 04**

# THRILLERS

## RING THRILLER

Structure made up of 3" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 9 YEARS

**TCLB 05**

## SWINGING LOOP

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5-12 YEARS

**TCLB 06**

## LOOP RUNG

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 07**

## BALANCING BRIDGE

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and tested chains.

Age Group = 5 - 12 YEARS

**TCLB 08**

## RADAR NET SCRAMBLER

Structure made up of 3" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 09**

## ROOF SCRAMBLER

Structure made up of 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 10**

## S BRIDGE LADDER

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 11**

## SATELLITE SCRAMBLER

Structure made up of 3" and 2" GI pipes of IS 1239 standard, FRP characters and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 12**

## SKY FLYER

Structure made up of 3" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 20 YEARS

**TCLB 13**

## SUNSET CLIMBER

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5-12 YEARS

**TCLB 14**

## NET CLIMBER

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 15**

## TWIN SCRAMBLER

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 16**

## SWINGS

### BUCKET SWING

Structure made up of 3" GI pipes of IS 1239 standard, coated with powder of Bright colors and LLDPE seat.

Age Group = 3 - 7 YEARS

**TSWG 05**

### CIRCULAR SWING

Structure made up of 2" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps and FRP Seat.

Age Group = 5-12 YEARS

**TSWG 06**

### DOUBLE ARC SWING

Structure made up of 3" and 2" GI pipes of IS 1239 standard, bearings of good brand, Nylon clamps and Seat belts of natural Rubber.

Age Group = 5 - 12 YEARS

**TSWG 07**

### DOUBLE BUCKET SWING

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearings, Nylon clamps and Seat belts of natural Rubber / LLDPE seat.

Age Group = 2 - 5 YEARS

**TSWG 08**

## HALF ROUND NET

Structure made up of 3" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 20 YEARS

**TCLB 17**

## HOPPING DISC

Structure made up of 2" GI pipes of IS 1239 standard, coated with powder of Bright colors and FRP disc.

Age Group = 5-12 YEARS

**TCLB 18**

## NET WAVE CLIMBER

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 19**

## PYRAMID SCRAMBLER

Structure made up of 3" and 2" GI pipes of IS 1239 standard and coated with powder of Bright colors.

Age Group = 5 - 12 YEARS

**TCLB 20**

# LUXURY SWINGS

## DELUX SWING

Structure made up of 3" GI pipes of IS 1239 standard, branded bearing, FRP seat and coated with powder of Bright colors.

Age Group = 5 - 20 YEARS

**TSWG 09**

## FRP STRIPS LUXURY SWING

Structure made up of 2" GI pipes of IS 1239 standard branded bearing, FRP seat and coated with powder of Bright colors.

Age Group = 5 - 20 YEARS

**TSWG 10**

## M.S STRIP LUXURY SWING

Structure made up of 3" and 2" GI pipes of IS 1239 standard, branded bearing, FRP seat and coated with powder of Bright colors.

Age Group = 5-20 YEARS

**TSWG 11**

## DUSTBINS

**TDSB 01 FROG DUSTBIN**

**TDSB 02 PUPPY DUSTBIN**

**TDSB 03 PENGUIN DUSTBIN**

**TDSB 04 BRINJAL DUSTBIN**

**TDSB 05 SS DUSTBIN**

## BENCHES

### COMFY CASTING BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 01**

### ECO BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 02**

### DELUXE BENCH FRP

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 03**

## IMPERIAL BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 04**

## REGULAR BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 07**

## MAJESTIC BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 05**

## VIP BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 08**

## REGAL BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 06**

## VICTORIA BENCH

Structure made from cast Iron or GI with good quality FRP strips or GI seat.

Area : 1.2m x .6m  
Capacity : 3 Adults

**TGBE 09**

## GYM EQUIPMENTS

### COMBINATION GYM EQUIPMENT

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:   

**TGYM 01**

### COMBINATION GYM EQUIPMENT

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:  

**TGYM 02**

### COMBINATION GYM EQUIPMENT

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:  

**TGYM 03**

### GARDEN PLANTER

Structure made up of MS angle of IS 1239 standard, FRP strips, GI pipe etc.

# GYM EQUIPMENTS

## CHEST PRESS

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 04**

## FUN RIDER

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 05**

## FUN WALKER

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 06**

## DOUBLE LEG PRESS

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 07**

## SHOULDER PRESS

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 08**

## SINGLE CHEST PRESS

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 09**

## STEP TRAINER

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 10**

## TAI CHI SPINNER

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:

**TGYM 11**

## HIP TWISTER

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:  

**TGYM 12**

## LEG EXTENSION

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For: 

**TGYM 13**

## SHOULDER TWIRL

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:  

**TGYM 14**

## FUN ROVER

Structure made up of GI pipes of IS 1239 standard, branded bearings, Bush, Base Plates, PVC Caps for good look, circlips, etc.

Beneficial For:
