ABOUT US

NITIN Lifesciences Ltd. is a rapidly growing Indian pharmaceutical company with a strong presence in Injectable manufacturing. Established in 1994, Nitin has emerged as one of the largest focused small volume parenteral manufacturer in India and is engaged in Marketing & contract manufacturing for all major Indian Pharmaceutical companies.

In 2016 the Contract Development and Manufacturing Organization Recipharm acquired a majority stake of the company. Recipharm's network and support enables further expansion and growth both domestically and outside the Indian market. Read more about Recipharm and its full service offering on www.recipharm.com

Headquartered at Karnal, Nitin has three modern facilities for small volume parenterals, of which the newest one was taken into operations in 2014. The facilities are located at Karnal (Haryana) about 129 Kms. from India's capital New Delhi and at Paonta Sahib (Himachal Pradesh).

The company specializes in manufacturing liquid ampoules, liquid vials, dry powder (beta lactam & non beta lactam), eye/ear drops, and lyophilized vials covering more than 200 formulations across various therapeutic areas including antibiotics, anti-malarial, NSAIDs, anti-inflammatory, local anesthetics, nutritional products.

The company employs approximately 450 employees at its three manufacturing facilities. The strength of our organization is our highly committed and experienced team. Throughout the years, Nitin has been able to attract and retain the best talent in the industry. You will learn that our staff pays the same professional attention to all the projects and through a personal commitment; our company achieves a very high level of reliability.
