OUR INFRASTRUCTURE

Our company has developed an advanced as well as well-equipped infrastructural facility. This infrastructure is well maintained with the specifications of industrial standards and norms. The employees of our company make proper utilization of the sophisticated infrastructure which plays a very important role in reducing the chances of any kind of error and defect in the products. Proper lubrication and maintenance of the machinery is also done in regular intervals of time to ensure that tools and machines upgraded.

Being a quality focused and client centric firm, all our materials are shaped under the vigilance of the highly qualified experts employing latest technology based machinery. Our engineers steadily seek out for the enhancement in quality of processed products. All over follow the all parameters of extremely standard quality set by the quality teams. To uphold the belief of consumers is the only aim of our firm. Our entire staff is dedicated to the faith which consumers keep on our processed materials.

Quality has been given the utmost importance in our company from the very first day of establishment. Best quality raw material are used in manufacturing process as a result of which our range is widely appreciated and demanded by our valuable clients located all over the market. We have hired an experienced team of quality controllers which is engaged in processing the entire range of products.

OUR PRODUCTS:

1. Dolomite Powder

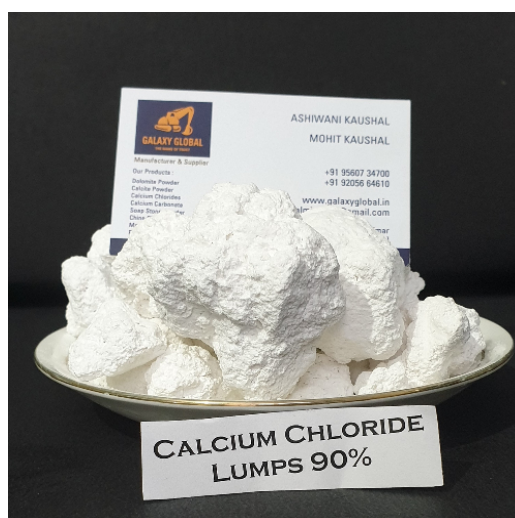

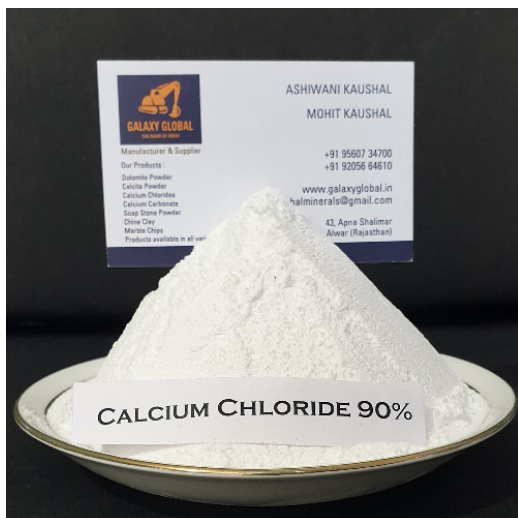

2. Calcite Powder

3. Calcium Carbonate

4. Marble Chips

5. Calcium Chloride Powder & Lumps

6. Soap Stone Powder

7. China Clay

8. White Calcium Powder

9. Marble Powder

10. Silica Powder

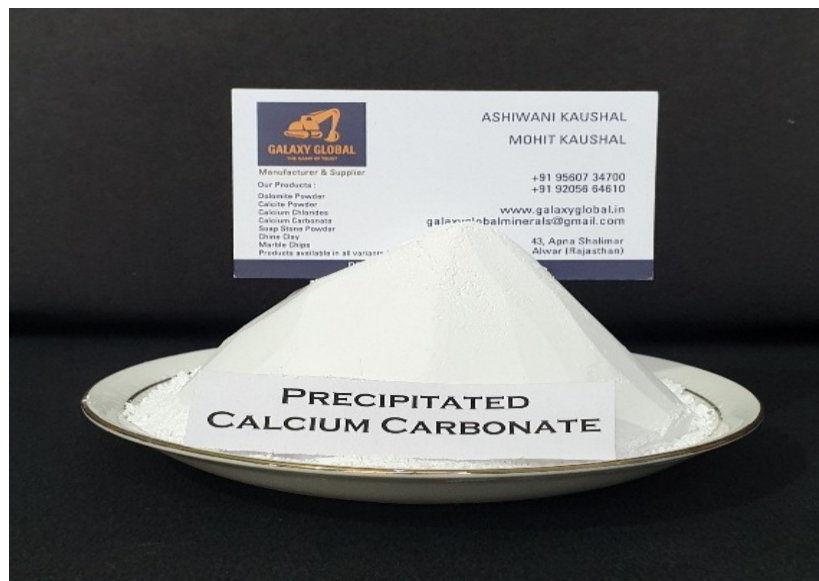

11. Hydrated lime

12. Pyrophyllite Powder

13. Marble Slurry Powder

14. Precipitated Calcium Carbonate

Product Applications in Industries:

Construction Industry

Iron and Steel Industry

Chemical Industry

Agriculture Industry

Animal Feed Industry

Food Production Industry

Pharmaceutical Industry

Personal Health Industry

Aquaculture Industry

Glass Industry

Detergent & Soap Industry

Paint Industry

Soil Additives Industry

Water Purification Industry

Coating Industry

Rubber Industry

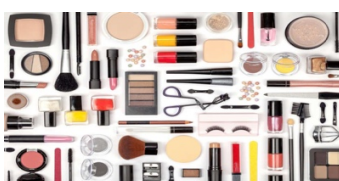

Ceramics Industry

Paper Industry

Plastics Industry

Cosmetics Industry

Dye & Pigment Industry

Sugar Refining

Automobile Industry

Cement Industry

Feel free to contact us anytime for any concerns. Looking forward for a healthy and fruitful business relations.

THANK YOU!
