

DRYCOOL SYSTEMS INDIA (I) P. LTD.

<http://www.drycoolchillingplants.com>

Industrial Chillers

Features:

- ◆ Reliable
- ◆ Well designed
- ◆ Non-corrosive
- ◆ Dimensional preciseness
- ◆ Corrosion resistance
- ◆ Excellent finish

Oil Chillers

Features:

- ◆ Easy to operate oil chiller
- ◆ Hassle free service chillers
- ◆ Energy efficient oil chiller
- ◆ Durable and easy to install
- ◆ Environment friendly and industry leading prices
- ◆ Effective cooling
- ◆ Sturdy and robust construction

Industrial Scroll Chillers

Features:

- ◆ Compact Air/water cooled skid mounted unit
- ◆ Control panel with PLC
- ◆ High quality and performance
- ◆ Twelve months guarantee
- ◆ CFC free refrigerants
- ◆ Developed with state of art technology
- ◆ Liquid injection for enhanced compressor life
- ◆ MCS microprocessor/PLC based

Water Cooled Scroll Chillers

Features:

- ◆ Innovative design
- ◆ Very low input KW/TR
- ◆ CFC free refrigerant
- ◆ Robust construction
- ◆ Developed with state-of-the-art technology
- ◆ Liquid injection for enhanced compressor life
- ◆ MCS microprocessor/PLC based
- ◆ Heat exchanger design as per TELMA/ASME/SEC VIII

Water Cooled Chillers

Features:

- ◆ Customized solution
- ◆ Low maintenance cost
- ◆ Durability and Easy installation
- ◆ Perfect cooling
- ◆ Performance oriented
- ◆ Easy operations
- ◆ Functional efficiency
- ◆ Rugged construction

Air Cooled Chillers

Features:

- ◆ Working in extreme tropical weather conditions
- ◆ Operational efficiency
- ◆ Environmental friendly
- ◆ Easy to install and excellent quality
