About Us

With cutting edge technology, state-of-the-art infrastructural facilities and industry leading qualitative practices, we, DAS Electronics, have established a most reputable position in this competitive market. We are renowned manufacturer, exporter, supplier and service provider of **Ferrous Metal Detector, Pharma Metal Detector, Tablet/Capsule Metal Detector, Inclined Stand Metal Detector, Stainless Steel Metal Detector, X Ray Inspection System, Non Ferrous Metal Detector** etc. These products are acknowledged by our valued clients for their superior monitoring performance. We pack these devices effectively and deliver it on time and at highly competitive prices. Owing to all these factors we have obtained a large client network in the countries like Bangladesh & USA.

We have carved a niche as one of the major manufacturers, exporters, suppliers and service providers of Ferrous Metal Detector, Pharma Metal Detector, Tablet/Capsule Metal Detector, Gravity Metal Detector, Inclined Metal Detector, X Ray Food Inspection Machine, Food Metal Detector, Tablet Metal Detector, Capsule Metal Detector, Non Ferrous Metal Detector, etc. We are an India based company having wide distribution network in Bangladesh & USA. We have developed two fully fledged production units that help us in the construction of high technology products that provide the clients with accurate results. All our products are stored in a huge warehouse to ensure their safety and security.

Quality Control

We are totally focused towards maintaining highest quality standards in all our business activities to bring forth premium products for our clients. We have high tech quality checking laboratory which is equipped with all required tools and apparatus. Here, we execute our quality checking procedures to ensure optimum functionality and technical performance of our Metal Detectors.

Starting from the time of procurement of the raw material to the final delivery of the products, each stage of production process is monitored under the strict vigilance of our quality controllers. We also conduct test on our procured raw material to ensure production of flawless products.

Our Products

Jumbo Bag Metal Detector

Home Furnishing Metal Detector

Foil Metal Detector

Conveyerised Metal Detector

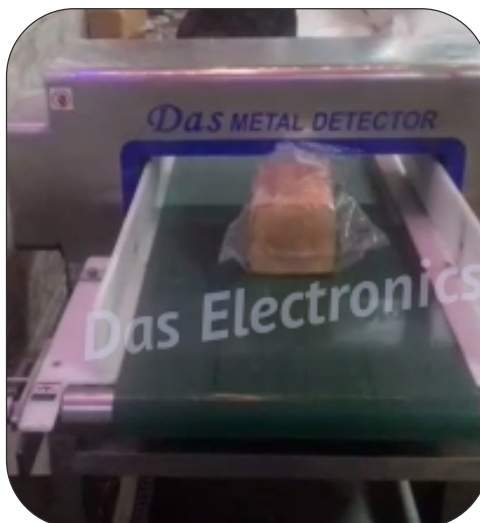

Metal Detector For Stone Crusher

Gravity Feed Metal Detector

Incline Type Metal Detector

Stainless Steel Metal Detector

Ferrous Metal Detector

Aluminum Packaging Metal Detector

Online Bag Metal Detector

Metal Detector for Aluminium Foil Products

Digital Metal Detector

Checkweigher And Metal Detector Combination

Laminate And Plywood Metal Detector

Metal Detector for Plastic Scrap

Metal Detector System

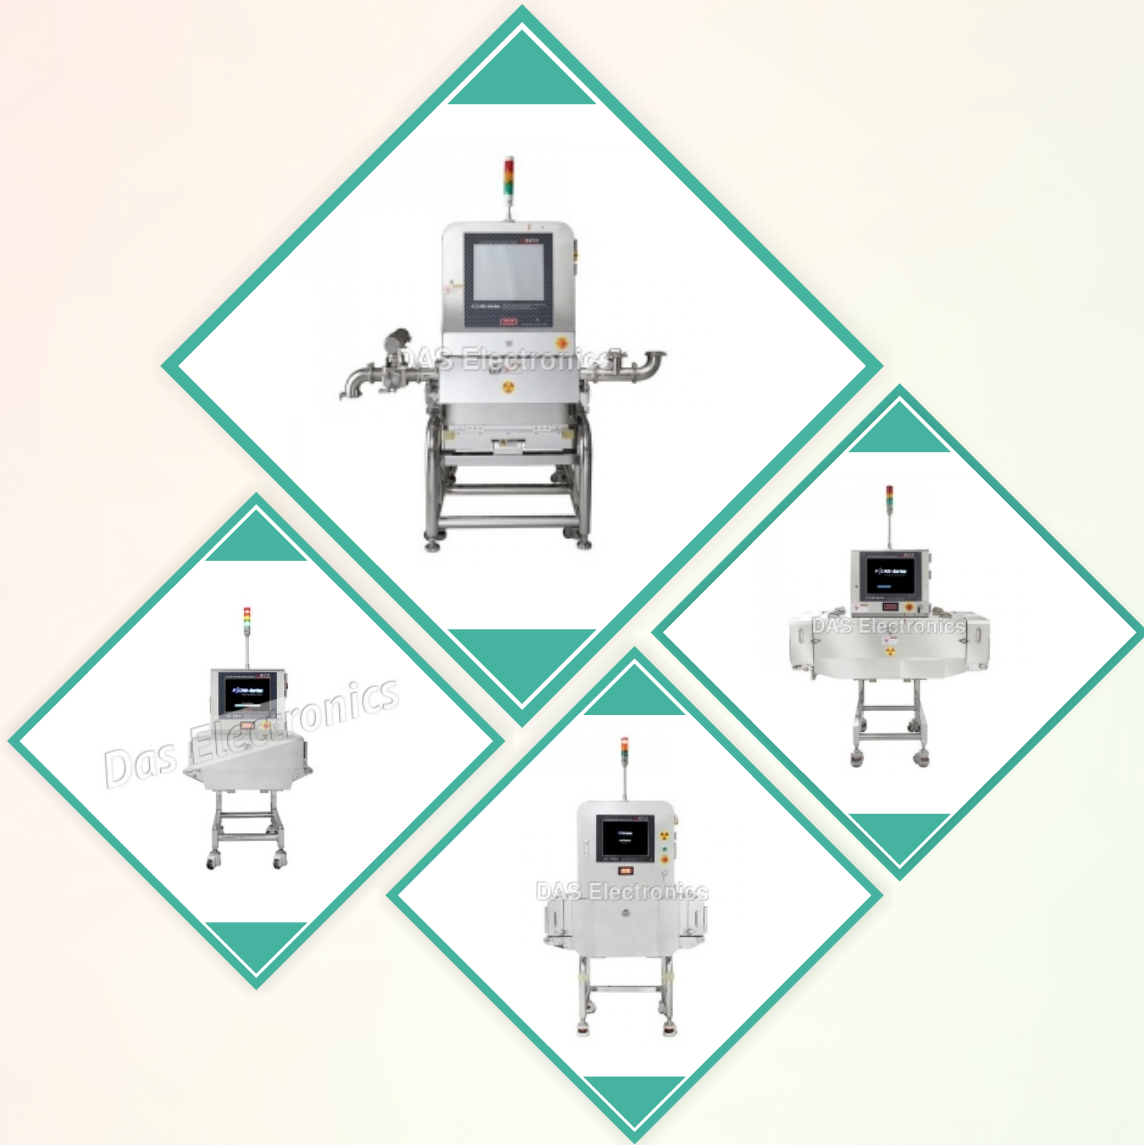

Ferrous Metal Detectors
