About LET-a CeMAT ASIA event 2020

LET-a CeMAT ASIA event is the biggest intelligent logistics equipment and technology trade fair in South China. Since the first edition in 2010, it has already successfully operated for 10 years. As the scale of exhibition expands, the quality of exhibits improves, and the number of visitors increases, LET-a CeMAT ASIA event has already become an iconic event in the field of logistic equipment and technology in South China.

Why LET-a CeMAT ASIA event

As a high-quality trade and exchange platform in China's logistics market, LET-a CeMAT ASIA event will bring together the best logistics equipment and technology from all over the world to explore the development trend of intelligent logistics, automation, information technology, advanced manufacturing, Internet of Things and logistics 4.0.

- Establish business contacts with over 400 top logistics equipment and technology enterprises at home and abroad, and explore opportunities for cooperation
- A one-stop platform of cutting-edge logistics technology providing new inspiration for factory production, in-plant logistics, warehousing logistics, supply chain logistics and other fields, to enhance technology upgrades, reduce costs and increase efficiency
- Dozens of top industry forums and events, gathering industry experts and scholars to discuss the latest hotspots and industry trends
- The concurrent show “Intelligent Manufactory Show 2020” meeting the dual needs of internal logistics upgrading and intelligent factory transformation

Visitor Testimonials

- **Mr. Li, Head of Logistics Strategy and Optimization, Uniqlo-Rapid Sales (China) Business and Trade Co., Ltd.**

LET-a CeMAT ASIA event was very rewarding. We had a better understanding of the latest trends of logistics industry as well as cutting-edge technologies and equipment. The show gathered various global logistics system integrators and all major AGV manufacturers.

- **Mr. Li, Head of Logistics, Guangdong Marco Polo Ceramics Co., Ltd.**

We have paid attention to intelligent warehousing logistics, which is very helpful for the development of our enterprise. We also found equipment related to intelligent logistics, such as cleaning equipment and packaging equipment at the exhibition, which are now under negotiation.

- **Mr. Luo, Head of Logistics in South China xiaohongshu.com**

LET-a CeMAT ASIA event let us learn about the development of various smart enterprises as well as new inspiration for intelligent logistics product solutions which is very helpful for our enterprise's management of logistics & warehousing, and can help us achieve technological upgrade, reduce costs and increase efficiency.
